

SECRET

28 June 1949

MEMORANDUM FOR: Mr. Office

SUBJECT: WATSON

Dr. H. M. Poppe is now housed in his new residence which is located in Georgetown at 305 Canal Street, N. W., telephone Michigan 2232. When this change of residence was effected Dr. Bergstrom assumed his real identity.

To date \$1000.00 has been expended on this project in the following manner: Hotel - \$405.55; Dr. Poppe - \$361.56; Clothing - \$99.00; Railroad ticket to New York City - \$12.34; Entertainment - \$17.05; Gratuities - \$2.50; Rental on new apartment from 27 June through 31 July - \$102.00; Total - \$1000.00. As of July 27 Dr. Poppe had in his possession approximately \$125 in cash.

The following is the contents of a memorandum received from Mr. ☐ with reference to subject individual:

"Now that subject is quietly settled in his own name, there are two points for future consideration that I should like to mention. One is that the Seattle job still appeals strongly to subject. From the CIA standpoint this would be ideal if it could match the exhaustion of our urgent interest in subject as to time. Subject believes a postponement of his engagement there would not be difficult. I believe that continued part time exploitation after he were out there could be highly satisfactory through our ☐ Field office. The beauty of this arrangement if it can be worked out is that we would have no worry about his permanent adjustment to life in the United States when the time comes that the lemon is squeezed dry and we have no further interest. I suggest for the present the only urgent matter in this connection is to provide a loop hole in the contract so that it could be terminated in less than a year by mutual agreement. The other point is that subject has just heard from his elder son. The son has lost his job because there were native born Englishmen qualified and unemployed. Therefore, specific information on how imminent the migration of the sons may be would be of great help to us in telling subject whether the boy should look for a job in the British coal mines or sweat out a reasonably brief waiting period before he comes to the United States."
